

HORSE FOR LEASE

Rio is a 15.3 palomino quarter horse x stock horse. He is a very versatile boy and just turned 7 this year.

I am looking for someone to lease him as I am currently studying in Gatton and therefore cannot give him the time and attention he needs during the week. He suits female riders and is a big sook so needs some one who will give him lots of kisses, cuddles and treats =]. He has a lovely home where he is very happy in Tallebudgera (riding facilities available there) and I would like him to stay there. Many girls out there ride to pony club when events are on. I am hoping you will continue on with his basic dressage training and there for am willing to pay for you to have one ½ hr lesson per week. This does not mean you cant take him for trail rides, do some jumping or sporting games as he loves all of this too =]. If you are interested please call me after 6pm on week days, or e-mail any time.
