Zone 2 Eventing and Eventing Development Squads, 2024

The Zone 2 Eventing Squad has been going since mid-2018. Since February, 2020, we also have a Zone 2 Eventing Development Squad of younger and/or less experienced but very keen prospective eventers because of the interest shown. Costs of lessons has been subsidised by the Zone 2 in the past and I am hopeful that this will continue in 2024. Clinics are priced to only cover costs.

Each Squad has 16 members and others will be put on a waiting list. Those on the waiting list will be offered spots at clinics if they become available. If there is only interest for one Squad, so be it.

Regular attendance at training is appreciated. There may be times when there is a clash but it is appreciated if you could put our training days on your calendar, as it makes my job organising clinics easier. As well as the practical lessons, there will also be some unmounted lessons which will be beneficial to Squad members and parents and which also need to be attended on the day.

ALL communication will be by email. If there is no response, then I will presume that you are not attending and, if this continues, will presume you do not want to be part of the Squad.

If you would like your child to apply to one of these Squads, please complete the application and return it to me by the specified date.
